Our 2022 Beneficiary

Bikers Against Child Abuse, Inc. (B.A.C.A.) exists with the intent to create a safer environment for abused children. We exist as a body of Bikers to empower children to not feel afraid of the world in which they live. We stand ready to lend support to our wounded friends by involving them with an established, united organization. We work in conjunction with local and state officials who are already in place to protect children. We desire to send a clear message to all involved with the abused child that this child is part of our organization, and that we are prepared to lend our physical and emotional support to them by affiliation, and our physical presence. We stand at the ready to shield these children from further abuse. We do not condone the use of violence or physical force in any manner, however, if circumstances arise such that we are the only obstacle preventing a child from further abuse, we stand ready to be that obstacle.

In 1981, a tragic car accident took the life of a very close friend and teammate. Her 5 year old son was left behind without his mother. The thought of this little boy growing up without his mom was tearing at our hearts. We needed to do something to show him how much we loved his mom and how much we loved him. Glory

Be to Kids began to honor the memory of one friend and to help one child. Now, over 30 years later, with a lot of hard work and generosity, we have donated over \$456,000 to a variety of local children's charities and have made an impact on the lives of thousands of children.
